

SCRUBS & WRAPS

75min \$160

All wraps start with our showerless scrub that polishes the skin to perfection using coconut hull powder and coconut oil. These raw ingredients from the exotic coast of Zanzibar nourish the skin with fragrant coconut extracts.

Detoxifying Envelopment

A full body cocoon of effervescent self heating mud dissolves tension and toxin build up from muscles, joints and tendons so the body is purified from deep within the tissues. After a slumber in this therapeutic wrap, a refreshing shower rinses away worries and a saffron and tiare flower infused body milk is massaged over the entire body.

Remineralizing Body Wrap

If feelings of fatigue, stress, and low energy are creating imbalance for your physical and emotional well-being, sea water is the perfect solution. An essential oil infused seawater gel provides all the trace minerals to rebalance sluggish cells. This treatment combines the powers of marine and aroma therapy to leave skin feeling silky, and the body calm and re-energized.

Aromavedic Holistic Massage

Unwind body & soul with this ancient healing art dating back to 4500 BC. Floral and Ayurvedic oil blends are selected to promote harmony and relaxation, leaving you refreshed, energized, and balanced.

Body Scrub with Bora Bora Sand 30min \$75

An exfoliating gel, containing sand from the coasts of Bora Bora will gently slough dead cells away, while the vegetal coral oil base hydrates the thirstiest skin. Each scrub finishes with a final application of a shea butter and tiare flower body milk so that the body is left fully hydrated and silky smooth.

The Hydrating Touch of the Ocean

Phytoceane is a line of natural, marine-based treatments, centered around hydration. Each treatment includes exotic marine ingredients, responsibly harvested, scientifically formulated and tested, to target specific skin conditions and achieve long term results.

The Beauty of Flowers

Fleur's skin care products are created with floral extracts, from the unique nutrients that flowers naturally concentrate as they grow. Fleur's researchers have selected specific flowers from many climates and landscapes to produce skin care collections that provide impressive results for all skin & body concerns. Selections of floral extracts are combined and tested to find the best synergistic and scientifically proven results, before being incorporated into beautifully effective treatments that surround you in a sensorial, floral experience.

Fjord Oxygenating Facial

Sail through Icelandic Fjords to leave all skin types perfectly hydrated, energized and radiant! The skin is prepared with a deep cleansing peel-mask to remove dead cells, dullness and impurities, followed by a cool mist of Iceland Water to boost hydration and circulation. Finally, an invigorating, plumping cream-velvet mask, infused with organic Salicornia oil helps to restore natural complexion, oxygenate and de-pollute skin, leaving you with an unmistakable glow!

Edelweiss Moisturizing Facial

Tahitian women use monoi to protect and hydrate the skin and hair, and an ancient recipe which calls for 1001 flowers soaked in coconut oil; our treatment draws inspiration from this tradition, combining floral extracts and fondant-textured cream, containing traditional Tahitian monoi, resulting in a perfectly nourished complexion.

Purifying Detox Facial

Brighten dull complexions and eliminate skin imperfections with purifying, sebum-regulating and detoxifying ingredients geared to promote health and beauty in damaged skin. Exfoliation with steam prepares the skin for pore extraction and a soothing application of cleansing serum. Finally a soothing peel-off mask is applied, leaving your skin feeling fresh and renewed.

Bouquet of Youth Wrinkle Smoothing Facial

Skin rejuvenation & free radical protection are delivered thanks to floral extracts formulated into targeted anti-aging products. An intense exfoliation using digestive enzymes & floral powders polishes the skin to perfect smoothness, followed by a plasticizing mask rich in Everlasting Flower.

Floral Softness Soothing Facial

Sensitive skin lacks defense systems to protect against aggressors in our environment, leading to redness, irritation, and blotchiness. A calming serum and mask infused with Elderberry and Lotus soothes inflamed skin and balances complexion. This is with the application of a soft, powder-gel mask containing pro-biotics, which boost the skin's natural defenses, resulting in a calm, even complexion.

Skin Escape for Men

Utilizing the Phytomer: Homme range of products, to deliver a specialized treatment, targeting the male epidermis. Depending on your specific concerns, we will select a solution that leaves skin moisturized, rejuvenated, soothed, or oxygenated.
